Welcome to the August edition of the Glenala Gazette.

The 2015 NAPLAN results were released earlier this month and students in years 7 and 9 have had their individual reports posted home. The NAPLAN report is a point of time report and forms part of the formal reporting process operating at Glenala SHS. I was impressed with the dedication of our students to engage with the testing process and overall our school results were pleasing. This is a credit to our teaching staff and the whole school approach to Literacy and Numeracy.

I would ask you to send positive thoughts to our year 12 cohort who have an intense study time over the next couple of weeks. A group of them will complete the QCS test on Sept 1 and 2 which assists in the allocation of an OP score for tertiary entrance. I encourage the year 12s to plan their time and work to the best of their ability. It is important that they ‘give it their all’ to ensure success in their chosen pathway post school.

Year 10 students are currently preparing their Senior Education Training Plans for 2016. Early in Term 4 students and parents/carers will meet with staff to reflect on each student’s progress to date and plan a pathway for the final two years of school. This is always a wonderful interaction between families and the school and a positive move forward for students as they enter the post compulsory stage of their education. I thank Ms McEvoy and Mr Cox for their organisation of this important event. It is important that year 10 families attend The Subject Select Night on September 2.

Also on September 2 parents and carers are invited to attend the Parent Teacher interviews at the Great Hall. It is a wonderful opportunity for discussions as to your students’ academic progress and to work with teachers on improvement strategies. Please see page 2 of the newsletter for more details.

Enrolment interviews continue this term for 2016. Please contact the main office to arrange an interview as soon as possible if enrolment is relevant to your family. If you know family or friends who are intending to enrol at Glenala SHS please encourage them to contact us for the compulsory enrolment interview.

Staff and students are enjoying our new landscaped gardens from the canteen area to K Block. This was made possible by contributions by the Parents and Citizens and the Department of Education. I have included a photograph of the area for your enjoyment.
There have been so many positive experiences at Glenala SHS this term so far in all endeavours. It is my hope that all students from Year 7 – 12 have come home with stories that emphasise this wonderful school community. I am very proud of the work that is happening in classrooms, on the sporting fields, in cultural pursuits and in service to others. Enjoy the stories in this newsletter that highlight the excellence that is happening every day at Glenala SHS.

Best Wishes
Anne Lawson
Principal

**PARENT TEACHER INTERVIEWS**

Parent Teacher interviews for all students Yr 7-12 are scheduled for Wednesday September 2. Interviews are appointment based and can be organised through the online booking scheme (http://bookings.parentteacheronline.com.au?school=8c364) or simply contact the office and an administration officer will assist you. An invitation and letter explaining the booking process has been mailed home.

**Year 10 Subject Selection Evening** - All Year 10 students and parents/carers are reminded of the Subject Selection evening following Parent teacher interviews on September 2. Beginning at 7:00pm and finishing at around 8:00, all year 10 students are expected to attend with a carer in order to enrol into Year 11. Families will also gain an understanding of the expectations and transition process into the senior participatory phase of learning and Year 11 and 12. All HODs and many teachers will be available for parent and student conversations to discuss the subject options in Year 11.

Paul Cox
Deputy Principal

**40 Hour Famine**

This year we are once again taking part in the World Vision 40 Hour Famine, which is in its 40th year. Our students have taken part in the World Vision youth convention and a small group workshop to prepare for the Famine. Our goal this year is to raise $5000 with all proceeds going to support World Vision’s initiatives in Bangladesh. Students have already signed up and are starting to get sponsorships as they prepare to give up technology, food, sleep and other creature comforts.

If you would like to take part in the 40 Hour Famine you still can, come and see Amanda in the Freezer (J Block) for more details.

Chaplain
New Sports Uniform

In recent years suggestions have come from the community and within the school for a revamp of our Sports Uniform. Our existing Sports Uniform commenced in 1996 with the creation of Glenala State High School (from the merging of Inala State High School and Richlands State High School). The Sports Uniform is the uniform worn by all of our students on days where they have HPE lessons. All other days the Formal Uniform is worn.

Since the start of 2015 members of the Student Council have given up time after school to create designs. These designs have then been given to the Parents and Citizens of Glenala SHS to make a final decision. The final decision has incorporated all the school colours and increased the use of red. The shorts remain the same colour however both the shirt and shorts are now made of fade resistant material and are more durable than the existing shirt.

Initially the shirt’s introduction was scheduled for the 2016 School Year, however due to a shortage of existing sports shirts at Lowes, Inala Town Plaza, the new shirt will be available for purchase and allowed to be worn commencing Term Four this year. It will be available at Lowes over the forthcoming September school holidays.

The new Sports Uniform will have a two year period to be phased in, meaning it will be the only Sports Uniform allowed to be worn for the start of the 2018 School Year.

I would like to thank all of our families for always supporting the school with uniforms.

Thanks again to members of the Student Council, the P and C and to Francois Nahimana (pictured) from Year Seven for modelling the new design.

David Newman
Deputy Principal
Attendance Matters

Attendance Passport prize draws have recently been held on Year Level parades. Students receive a ticket in the draw for every week they have 100% attendance. 100% attendance in Term 2 = 10 tickets. This term’s prize was a $100 JB Hi Fi voucher, congratulations to the lucky winners!

Year 7  Kevin Tran
Year 8  Hannah Faalavaau
Year 9  Reagan Vu
Year 10  Joshua Cochrane
Year 11  Ansu Fofana
Year 12  Christopher Ofa

Why must I send my child to school?

Under Queensland law, you must make sure your child attends school all day, every school day unless they have an acceptable reason. You should avoid keeping your child away from school for things like; birthdays, shopping, visiting family, sleeping in, looking after other children or minor check-ups. Routine medical or other appointments should be made before or after school or during school holidays.

If your child is absent for any reason you must let the school know the reason within two school days of their return

Senior Director of Student Achievement
Aspirations Program- Year 10

The Aspirations program focuses on career paths for Year 10 students as it is a critical time for students in determining their pathways beyond high school. Eighteen of our students are currently taking part in this program.

At this stage of school, students are planning their subject choices for Senior School and what type of further education they will pursue, potential apprenticeships and whether they will continue with all of their subjects or with school at all. Aspirations aims to raise awareness of the wider range of personal, educational and vocational choices for these students, through structured coaching and students meet at the school initially then at Minter Ellison, our corporate partner for 3.5 hour workshop, over two school terms.

During the program each workshop in the CBD is broken into shorter segments of time for the coach and student groups to have individual discussions, complete joint activities, participate in broader group discussions on issues such as strengths, learning styles and interview skills and finally present their work or findings to the group.

The Aspirations program consists of four workshops, the Program Launch and the completion Ceremony. The workshops including topics on: Learning and My Career, Individuality and My Career, Foundation Skills for My Career and Exploring and Excelling in My Career.

Here are some pictures of our students participating in the program.

Roisin McEvoy
IT Teacher
Glenala State High School

Breakfast Club

Term 3 has again seen the Senior Mentor leadership team working extremely hard. They have introduced a free breakfast club in partnership with the YMCA for all students. This service operates twice a week and has been such a wonderful community minded project for our senior students to lead and serve the school community.

The breakfast club is open to all students and breakfast is provided free of charge. Research has shown that 1 in 4 Australian children do not eat breakfast. Our aim is to change this statistic here at Glenala.

Over the past 2 weeks since the launch, we have been serving on average approximately 60 students per morning. We would encourage all students to come along Thursday and Friday morning for breakfast, served from 8am until 8:30am. On the menu is Toast, Cereal, Baked Beans, Fruit and Hot Milo.

Michelle Cox
Year 12 Coordinator
Senior Schooling News:

Students from **GENR8** and **ACCEL8** programs are in their second phase of work experience. Businesses supporting this program include Isuzu Rocklea, IVECO Rocklea, RGM Maintenance, Blenners Transport, Brisbane Trailer Sales, Lindsay’s and Rocklea Markets. Without their support, programs and opportunities for Glenala students just wouldn’t happen. Our thank you goes to all the host employers.

Learning the expectations of real work has been challenging for some but most of the students have managed to get to their workplaces on time, keen to learn new skills and meet real employers.

John Phipps, Acting Field Officer from Metropolitan Region - Training Department of Education and Training, has visited a number of work places to date and the feedback has been very positive. I will be going on visits in week seven of this term and our Principal Ms Lawson will be joining me on some of the visits.

Five students engaged with Help Enterprises are steadily working away at their CERT II in Automotive Servicing Technology course. Help Enterprises have been kind to bus Glenala students to their worksite and provide Glenala SHS students with real life learning experiences. Five students are on track to complete and have great potential to use this qualification to get traineeships next year.

Studying at TAFE has been very popular with senior students this year. Currently, we have seven Year 11 students attending Skills Tech Acacia Ridge completing CERT I and CERT II in various vocational areas.

All the above experiences are providing Glenala SHS students with various pathway opportunities. It’s providing students with a taste of real world of work whilst at school.

Almost thirteen year 12 students started a Certificate II in Health Support Services course at school through AXI-OM College. This will give students a nationally recognised qualification, with fantastic job skill sets and some very valuable QCE points.

The SAT’s numbers is on the rise too. At present we have seventeen students engaged in various traineeships with seven students who have successfully completed a SAT’s.

This term has also seen twenty year 11 students start a CERT III in Warehousing course with Phoenix Training Organisation. This program is offered off campus and again gives Glenala State High School students the real work experience as well as national qualification with valuable QCE points.

As we move closer to the graduation ceremony for the 2015 GenR8 and AccelR8 students, interest has been requested from students wanting to be part of this program in 2016. On September the 17th business stake holders and officers from DET will be available at Glenala SHS to chat with parents and student about GENR8, ACCELR8 and ALLEVI8 programs.

Sharina Gibney
Senior Schooling

Youth Support Coordinator

The Youth Support Coordinator (YSC) is employed by Inala Youth Service, and is available for support at Glenala SHS on Tuesdays, Wednesdays and Thursdays. The YSC Program supports young people who are at risk of disengaging from education and/or leaving home early. The program aims to help students find options and solutions to assist them to finish their education. It is a voluntary program and anyone can make referrals, including family and friends. If you would like to find out more information about the Youth Support Coordinator Program please contact Inge Alberts at Glenala High School. For more information on the services provided by Inala Youth Service visit www.iys.org.au or phone (07) 3372 2655.

Inge Alberts
Youth Support Coordinator
Tues/Wed/Thurs
2016 Senior Leadership Process

Year 11 Students have just began the leadership process for 2016. Over the next few weeks, potential candidates for the School Captains, School Leaders, Senior Aboriginal and Torres Strait Island Captains, Sports Captains, Arts Captains and Senior Mentors will undergo a comprehensive process to ensure Glenala SHS selects the correct students for these privileged positions.

Students recently had a the current year 12 leaders talk to the year 11 cohort around roles and responsibilities of each of the leadership positions. Students were encouraged to demonstrate leadership qualities throughout the leadership process. The year 11 students were encouraged to demonstrate their leadership qualities by attending school on time every day, wearing the correct uniform and ensuring they are on track with all the studies in all their subjects, while at all times upholding our 4 global rules of commitment to learning, respect and responsibility, perseverance and pride. School Captains, Senior Leaders and Senior Aboriginal Torres Strait Island Leadership positions for 2016 will be announced at Awards Ceremony Night on 17th November in Term 4.

Todd Horsley
A/HOD HPE/Sport
Year 11 Coordinator

News from the Learning Resource Centre (LRC)

This year, the LRC has put in place, ahead of many other schools, the Individual Curriculum Plan (the ICP). The ICP is just what it says – an individualised learning plan for students. Of course, we have always ‘differentiated’ from the mainstream curriculum in order to meet the individual needs of students, however, the ICP takes this a step further. It requires an assessment of each student’s learning capacity compared to the standards of other year levels, for example, a year 9 student with particular needs might be assessed at a year 7 level for English and year 6 for mathematics. An ICP can be for just one subject or all subjects.

An ICP might be needed for a student with a disability; or with a learning difficulty; or who is gifted and talented. Staff members and case managers contribute to the plan and it must be approved by the parents. The student is then taught skills at the year level identified in the ICP and assessed and reported against the achievement standard for that year level. It provides for tailored learning expectations for each individual student – the opportunity for all students at our school to achieve success.

The Special Education Unit would also like to introduce a new teacher, Mr Jeff Wong –See. If you think he looks familiar, you are right as Mr Wong-See was part of our music department last term. Welcome Mr Wong-See!

Jacqueline Agard
LRC Teacher
NEWS FROM JUNIOR SECONDARY YEAR 6 TRANSITION VISITS!!

Our Year 7 students have had a very busy term. A number of our students have been involved with visits to our local Primary Schools to speak to their Year 6 students about high school life at Glenala SHS. Minh Pham, Maya Simonis and John Nguyen visited Inala SS, Nyoka Lado Mena, Taleisha Leahy and Julius Time visited Serviceton South SS, Francois Nahimana, Mikayla Stumer and Raymond Byrne visited Richlands East SS, Katie Butterfield, Brooklyn Prince and Shontae Lacey visited Durack SS and Rufina Tai, Millieka Rade-Saunders and Zhenturi Nanai visited Acacia Ridge SS.

The visits were highly enjoyable by our students, as it brought back many happy memories for them when they walked through their Primary School. The staff at the Primary Schools were delighted to see our students, and were impressed to see how beautifully they have settled into High School life. Our students spoke well and with pride about Glenala SHS. Some of the comments were “our teachers are wonderful and really try and help us; we even have a homework club on a Wednesday and Thursday afternoon” and “the students are friendly and welcoming and I didn’t feel lost”. Our students were well presented in their Glenala uniform and we are very proud of their efforts.

Assessment time at Glenala SHS is looming, and your child should be very busy with preparing for their upcoming assessment, whether it is an exam, assignment, or oral presentation. No child should be saying that they have “nothing to do” – they always have revision, reading, or assignment/exam preparation.

Nancy Bajwa
Jnr Director of Student Achievement
Year 7 – 9 Family Maths Evening
Thursday 10th September

Parents and guardians with students in Year 7, 8 or 9 are invited to attend our Family Maths Evening to be held on Thursday 10th September from 4:15 – 5:30pm. The aim of this evening is to provide parents with an insight into the mathematics classrooms at Glenala. This will include:

- Explanation of the key mathematics standards introduced with the Australian Curriculum.
- Demonstration of ways parents and guardians can support mathematics learning at home.
- Our mathematics teachers will be running workshops with parents and guardians based around the lesson content and topics that are being covered at the end of this term and also in term 4.

Ngan Nguyen
Maths Teacher

Mathematics Team Challenge

On Friday 31st of July, fifteen Glenala Mathematicians from years 7-12, participated in the Annual Maths Team Challenge at Stretton State College. Despite strong competition, from more than ten other Brisbane schools, our students had a very successful day. Well done to all students who competed on the day! Every student demonstrated our Glenala values of perseverance and pride. Congratulations to the Year 9/10 team of Tina Huynh, Coen Porter, Connor Mahoney, Amos Portugal and Thang Nguyen who won 3rd place in the Intermediate Division.

Student Council Initiatives

School Dance

Glenala State High School and the Student Representative Council celebrated the end of semester one in style, with one of the best social this school has ever seen! Just under 200 students from grade 7 to 12, gathered in the Sport Centre for a night of dancing, laughter and fun. For the first time ever the event was themed, and as a result we saw some fantastic superheroes and evil-looking villains roaming the dance floor. Both heroes and villains were on their absolute best behaviour supporting each other in dance and costume competitions.

Lil Tee, a wonderful DJ and member of our community, organised the lighting and the amazing tunes for the night. He did a brilliant job of keeping everyone entertained for two hours and we will be definitely inviting him back in the future.

The Student Council would like to thank every staff member who volunteered their time to make the dance a success, as well as every student who came along and supported us. We can’t wait for the next one!

Toni Peterson
Teacher - The Arts
Science Teachers Dazzled by the Universe

On the evening of Thursday 23 July, the Science Department teachers – Mrs Gantimuroff, Ms Malcolm, Mr Bramley and Mr Warren – were wowed by a group of inspiring young women who work as… astrophysicists. Astrophysicists study stars; more specifically they study the universe, usually by collecting information about light coming from the stars and galaxies. The female physicists each gave the audience a short presentation about their work, which includes studying how galaxies form (Dr Amanda Bauer), finding out why the universe expansion is getting faster (Prof. Tamara Davis), studying the birth and death of stars (Dr Lisa Harvey-Smith), and researching black holes (Prof. Meg Urry).

Their presentations included some spectacular images and simulations of galaxies. We were so amazed and excited about the pictures and talks, that we were almost disappointed when they ended and it was time for the free food and coffee. But after food, there was more!

The four women sat down to answer questions from the audience, which ranged from “Do you think there is life elsewhere in the universe?” (“pretty much, yes”) and “How will the universe end?” (“that’s a tough one!”). We found these talks inspirational for two reasons. Firstly, they reminded us how amazing it is that we happen to find ourselves living in the universe at this point in space and time. This makes us want to make the most of every day that we are here. Secondly, the four women were young and extremely passionate about what they do, and are making amazing scientific discoveries – how inspirational! A message for school students from the scientists was: ‘If you really love doing something like science, make sure you work hard at it because it might just turn into a really fun career!’.

Jessica Malcolm
Science Teacher

Celebrating the Year of Light at Inala State School

On Thursday 6 August, a group of year nine science students visited Inala State School to celebrate the Year of Light with year six students. They were accompanied by Mrs Gantimuroff, Mr Warren, Mr Bramley, and our wonderful Scientific Officer, Mrs Haigh. Our Glenala students and staff demonstrated great pride and commitment by enthusiastically helping the primary students participate in four fun activities relating to light. The year sixers were really excited and inspired by our energetic team who showed them how to: create a pin-hole camera, separate all the colours in ink (using chromatography), observe how light behaves using light ray boxes, and visualise the colours of the rainbow using a colour wheel.

Well done to Mrs Gantimuroff’s year nine science class for being such enthusiastic representatives of Glenala State High, and thank you to Mrs Haigh for her help in setting up the activities.

Jessica Malcolm
Science Teacher
Glenala SHS’s biannual Academic Assemblies took place on August 3rd and 4th. These assemblies are a great time of celebration in the school and are events we look forward to each year. The academic assemblies celebrate academic excellence, acknowledging and praising high achievement in the previous semester, this time Semester 1 2015. If a student has achieved outstanding academic results they receive both a GEM badge and a GEM certificate. 146 students were celebrated for their hard work with 108 receiving bronze awards, 29 receiving silver awards and 9 receiving gold awards.

We were honoured to have school industry partners Leroy Loggins and Rob Reed from Minter Ellison Law to give the keynote addresses. They focussed their words upon the importance of a well-rounded education incorporating academic focus as well as extra-curricular activities that help develop other essential skills, such as confidence and teamwork. We also heard from 7 time Gold award recipient, and Year 12 student, Thuy Nguyen, who gave an inspiring speech, urging the students to “Believe and Achieve”.

The GEM program has been running since Semester 1 2011 and it is going from strength to strength. In 2011, we delivered 15 awards and this February, we delivered 146, an enormous increase and a testament to our students’ hard work.

Congratulations to all GEM award recipients and we look forward to even better results in 2016.

Rebecca Kirtley
Events and Promotions Coordinator
Multicultural Day

On August 14th, we held our annual Multicultural festival, an event celebrating the 57 cultures represented at Glenala SHS. At first break, the hospitality students wowed us with treats from around the world. Each student was given their own tasting box of different food from different cultures, including Indian samosas, Vietnamese spring rolls and Australian pies as well as Samoan pineapple cake, eastern European donuts and Somalian treats to satisfy the sweet tooth.

At second break students were given the opportunity to try a cultural activity. Some students tested their world knowledge in a multicultural quiz, whilst others participated in African drumming, painted boomerangs or played cultural sport. We are very grateful to the local PCYC who ran the African drumming activity and to Deadly Choices for their fun aboriginal games. The students were then treated to a glimpse of the evening concert in Period 4; a taste of the dances and songs that would be showcased in the evening.

The concert in the evening brought the community together to celebrate our diversity, celebrating a multitude of the cultures represented at Glenala and displaying the immense dance and musical talent that we have at the school. The aboriginal students welcome us with their traditional dance which was followed by Maori and Polynesian songs, and the Hula from the Cook Islander dancers. We then saw the junior Tongan perform a traditional dance and the Indian dancers present the Yesuva and Kadlikrien.

After more Polynesian song, the Tongan senior girls danced to Tauolnga and the Vietnamese girls performed Ngay Moi Ngot Ngao. The Samoan group then performed a number of dances including the Sa Sa and Maaulu’ulu which was followed by a few of Glenala’s indigenous students performing a dance especially choreographed by the Bangarra Dance Troupe. Our African students then blended together traditional and modern African and the Samoan group returned to the stage to perform Taualaga. The Tongan boys closed the show with the traditional stick dance – Taufakaniua. Each performance was spectacular and showcased both the talent, and hard work and dedication of Glenala’s students. Well done to all involved.

Rebecca Kirtley
Events and Promotions Coordinator

Note from Ms Lawson (Principal)
As with all school events we are reviewing the Multicultural Day and concert. If parents/carers have feedback both warm and cool, and suggestions for improvement, we would like to hear from you. Contact the school or email admin@glenalashs.eq.edu.au
With thanks.
Athletics Carnival

On Monday the 22nd June and Friday the 26th of June Glenala SHS competed in their annual Athletics Carnival. The Monday was a part day carnival where students competed in Javelin and Discus and Friday was the whole day carnival where students were able to compete in the 100m, 200m, 400m, 800m, Long Jump, Shot Put and 4 X 100m Relays.

The weather was fantastic and the participation rates were high and the day was a great success. In the end the winning house was Lewis, on 2049 points! However the carnival was the closest one yet with Bradman only one point behind on 2048 points and Lewis 48 points behind on 2000 points. Well done to Lewis House and their House Captains Adreanna Ngau and Deanne Tamamasui for their great leadership and encouragement of their team mates on the day! Well done to all House Captains and students and here is to a bigger and better carnival for 2016!

District Athletics

On Thursday the 30th and Friday 31st of July, the Glenala Track and Field Team competed in the Yagera District Athletics Carnival. This year Glenala had a very strong side with records numbers competing in both Field Day and Track Day. The Field Day was held at Woodcrest College with students competing in throwing and jumping events. At the end of the day Glenala was in the lead by a 230 point margin, followed by Redbank SHS, Springfield Central SHS, Forest Lake SHS then Woodcrest College.

The Track Day was held the following day at UQ Stadium, St Lucia. Glenala competed extremely well in the track events and finished the carnival in second place and took home the percentage shield. Well done to all students who competed. You did a fantastic job and you made Glenala proud. Also special mention goes to Evaline Benon (16 Girls) and Nhan Nguyen (Open Boys) who were the 2015 Yagera District Track and Field Age Champions. Also special mention goes to Evaline Benon (16 Girls) and Nhan Nguyen (Open Boys) who were the 2015 Yagera District Track and Field Age Champions.
Free children's dental program

Metro South Health provides free dental care to children throughout our region.

Who is eligible?

- All children aged 4 through to year 10
- Students in years 11 and 12 who have a current Centrelink Card, Healthcare Card or Pension Card
- 0-3 year olds whose parents have a current Centrelink Card, Healthcare Card or Pension Card
- 2-17 year olds who are eligible for the Child Dental Benefits Schedule

If your child is eligible for the Child Dental Benefits Schedule (CDBS), the cost will be bulk billed to Medicare. If your child is not eligible for the CDBS, they will still receive dental care at no charge until they complete year 10.

Who needs to attend the appointment?
A parent or legal guardian is required to attend every dental appointment.

How do I make an appointment?
You can now book an appointment for you and your child at a time and location convenient for you. For all appointments, please telephone:

1300 300 850

Metro South Oral Health Hub

Not all clinics are open every day. We will try to accommodate your booking at a clinic suitable to you.
